

Additional Supplementary Regulations

Day/Night RTV/Novice Trial

These regulations are in addition to the normal Peak & Dukeries LRC Supplementary Regulations

All sections will run on the Saturday and consist of **6 sections**, followed by a break to ensure it gets dark and then a further **5 sections**.

Night sections will be marked with wider gates than our usual trials and will be on open ground.

1. All drivers must bring at least one marshal
2. All drivers must supply their own torch for walking the course
3. Torches must be switched off and stored safely when driving.
4. A fluorescent jacket **MUST** be worn by all drivers, navigators and marshals whenever they are out of a vehicle.
5. Front Lights – RTV Vehicles
 - 5.1. Standard RTA compliant lights
6. Front Lights – CCV Vehicles
 - 6.1. Up to 6 forward facing lights may be fitted, all must be forward of the driver and fixed and not moveable by the driver or passenger while competing.
 - 6.2. LED lights will count as 1 per 150mm (6") rounded up, so a 2 foot bar counts as 4 lamps.
7. All rear lights (4 max, 1 min for CCV vehicles) must be red and 21 watt.
8. Reversing lights can only be used when operated by a gearbox switch.
